Only those products bearing the UL Listing Mark for the US and Canada should be considered as being covered by UL's Listing and Follow-Up Service meeting the appropriate requirements for US and Canada.

The UL Verification Mark includes: The UL Listing, Classification or Recognition Mark plus the word "Energy"; a control number (may be alphanumeric) assigned by UL; a statement to indicate the title of applicable Energy Standard; and the product category name (product identity) as indicated in the UL Energy Verification Directory.

Optional to the above, the Energy Verification Mark may be used in an abbreviated form in conjunction with the Listing, Classification or Recognition Mark. The abbreviated Marking consists of the text: "Also Verified In Accordance With Energy Standard (Date)". The date should include the month and year of the applicable Energy Standard.

Look for the UL Certification Mark on the product.
